@BIGTEN

@BIGFOOTBALL

COMMISSIONER KEVIN WARREN

Dear Big Ten Football Fans:

I am honored and blessed to welcome you to the 2020 Big Ten Football Champions Week.

We are incredibly grateful to our operations, athletic training and medical teams, who have worked tirelessly to ensure the health and safety of our student-athletes, coaches, officials, and game day personnel throughout the 2020 season and Big Ten Champions Week.

We extend a special thank you to our television partners, FOX, Big Ten Network, ABC and ESPN who have been remarkable with our Conference to broadcast Big Ten football to millions of fans this season.

All of our key constituents associated with the Big Ten Conference, including our student-athletes, coaches, athletic directors, athletic training and medical personnel, and the Council of Presidents and Chancellors, in addition to all of our families and fans deserve to be proud of their collaboration and the strategic steps that have occurred during the unprecedented times we have faced as a country to make Big Ten Champions Week a reality.

Enjoy the games, stay safe and God bless.

Kevin Warren
Commissioner
Big Ten Conference

Science for a **better life**

This is why
We science

Everything we do — from advances in health to innovations in agriculture — is to help every life we touch.

FIGHTING ILLINI

Illinois students, scholars, and alumni are a community with the power to change the world. With our land-grant heritage as a foundation, we pioneer innovative research that tackles global problems and expands the human experience. Our transformative learning experiences, in and out of the classroom, are designed to produce alumni who desire to make a significant, societal impact.

MISSION

The University of Illinois at Urbana-Champaign is charged by our state to enhance the lives of citizens in Illinois, across the nation and around the world through our leadership in learning, discovery, engagement and economic development.

VISION

We will be the preeminent public research university with a land-grant mission and global impact.

FACULTY

A talented and highly respected faculty is the university's most significant resource. Many are recognized for exceptional scholarship with memberships in such organizations as the American Academy of Arts and Sciences, the National Academy of Sciences, and the National Academy of Engineering.

Our faculty have been awarded Nobel Prizes, Pulitzer Prizes, and the Fields Medal in Mathematics. The success of our faculty is also matched by that of our alumni. The University of Illinois at Urbana-Champaign is home to 23 Nobel Laureates and 26 Pulitzer Prize winners.

ACADEMIC RESOURCES

Academic resources on campus are among the finest in the world. The University Library is one of the largest public university libraries in the world, with 14 million volumes in its collection. Annually, 53,000,000 people visit its online catalog. Students have access to thousands of computer terminals in classrooms, residence halls, and campus libraries for use in classroom instruction, study, and research.

HOOSIERS

Indiana University students get it all — the storybook experience of what college should be like, and the endless opportunities that come with it. Top-ranked academics. Awe-inspiring faculty. Dynamic campus life. International culture. Phenomenal music and arts events. The excitement of IU Hoosier sports. And a jaw-droppingly beautiful campus.

Founded in 1820, Indiana University Bloomington is the flagship campus of IU's seven campuses and two regional centers statewide. Innovation, creativity, and academic freedom are hallmarks of our world-class contributions in research and the arts.

A LEGACY OF PREPARING LEADERS

We've nurtured doers and leaders over our past two centuries by creating an academic atmosphere where revolutionary ideas and unexpected collaborations rule the day. IU educational experiences change the lives of our graduates — and the lives of the communities they serve as experts and professionals.

FROM AFRICAN HISTORY TO ANALYTICAL CHEMISTRY

Environmental policy, social psychology, music, nuclear physics, foreign languages — our diverse academic programs are among the best, with several ranking #1 and in the top 10 nationally. We're also known for innovation and firsts like the nation's first informatics school.

ON PODIUMS AROUND THE WORLD

IU faculty, students, and alumni aspire to the highest standards of their fields, bringing home prestigious national and international awards: Tonys, Oscars, Nobel Prizes, Pulitzer Prizes, Emmys, Grammys, Olympic medals, Guggenheims, and Fulbrights. You'll find us on podiums and stages of all kinds — performing, accepting honors, standing up for human rights, and presenting our research.

TREKKING THE GLOBE WITH OPEN MINDS AND BIG HEARTS

We extend our famous IU "Hoosier hospitality" to ideas as well as people. With open-mindedness and kindness, we support a diverse, international environment that seeks out all perspectives and draws on our global experiences. IU consistently earns accolades for overseas study programs and worldwide philanthropic ventures — and for a forward-thinking campus climate.

HAWKEYES

Founded in 1847, the University of Iowa is the state’s oldest public university. Today it comprises 11 colleges, a major teaching hospital, a technology research campus, and other resources. With more than 32,000 students, it is one of the nation’s top public research universities and one of the smallest public institutions in the Big Ten.

Iowa is a place where every student can find their niche, get to know classmates and professors, and receive personal assistance in meeting college and career goals. Its 1,700-acre main campus bridges the Iowa River in the heart of Iowa City, and both campus and community radiate a welcoming, cosmopolitan spirit.

U.S. News & World Report magazine ranks Iowa among the nation’s best public universities, and Iowa has been recognized as a “best buy” in the Fiske Guide to Colleges for 15 years.

IOWA OFFERS

- More than 200 areas of undergraduate and graduate study, plus seven professional degree programs.
- Opportunities for students to join faculty-led research teams, with 1 in 3 undergraduates doing just that.
- One of the nation’s largest university-owned teaching hospitals, a major health care provider for the state.
- A literature-minded community — as home to the pioneering Iowa Writers’ Workshop, one of the most respected programs of its kind.
- An emphasis on public engagement that strengthens campus-community connections and encourages service-learning initiatives.
- A promising future, with some 96 percent of graduates finding a job or being accepted into graduate school within six months of graduation.

The University of Iowa is dedicated to building a better state, nation, and world by producing generations of scholars and professionals, driving economic growth, and fostering innovations in the sciences, humanities, and arts.

DR PEPPER IS A PROUD SPONSOR OF THE BIG TEN CONFERENCE

NO PUR. NEC. Must be US legal res. 18+. Go to <https://wbar.blipper.com/drpepper> for details. Sub. to full Off. Rules.

DR PEPPER is a registered trademark of Dr Pepper/Seven Up, Inc. ©2020 Dr Pepper/Seven Up, Inc. DP-854872

Big Life. Big Stage. Big Ten.

Since its inception in 1896, the pursuit and attainment of academic excellence has been a priority for every Big Ten member institution. But maintaining the conference's standard of competing at the highest level in athletics also endures as an important component of the Big Ten experience. Striking that balance between academics and athletics is integral to the Big Ten's identity. Recognized as one of intercollegiate sports' most successful undertakings, the Big Ten strives for success from its students not only on the field and in the classroom, but around the world as well.

PREMIER ACADEMIC INSTITUTIONS

The Big Ten Academic Alliance is an academic consortium of all 14 Big Ten universities, which is widely considered to be the model for effective and voluntary collaboration among top research universities.

Every Big Ten Academic Alliance institution ranks among the top 70 universities in the nation according to the 2019 Academic Ranking of World Universities, including six in the top 30.

The Big Ten leads all conferences with more than 1,800 Academic All-Americans, including 27 honorees during the 2019-20 academic year.

Big Ten Academic Alliance schools annually conduct \$10 billion in funded research, \$5 billion more than any other conference.

A HISTORY OF ATHLETIC SUCCESS

Big Ten schools have won at least five national championships in 23 of the last 26 years, averaging nearly seven per year over that span.

Since the 2008-09 academic year, current Big Ten institutions have claimed 76 team national championships in 21 different sports.

BROAD-BASED PROGRAMMING

The Big Ten will administer over \$200 million in direct financial support to more than 9,800 students competing in intercollegiate athletics for more than 11,000 participation opportunities on 350 teams in 42 different sports.

The Big Ten sponsors 28 official conference sports, 14 for men and 14 for women, including the addition of men's ice hockey and men's and women's lacrosse in this decade.

The Big Ten leads the nation in total students competing in intercollegiate athletics and participation opportunities, and sponsors more official sports than all conferences except the Ivy League.

Almost 1,400 Big Ten competitors have participated in the Olympics, winning more than 600 medals, including nearly 300 gold. In the 2016 and 2018 Olympic Games, more than 200 representatives from Big Ten institutions including current or former students and coaches were members of Olympic teams. Big Ten Olympians collected more than 50 medals in the most recent games in Rio and PyeongChang.

PASSIONATE FOLLOWING

The Big Ten leads all conferences with 6.4 million alumni and nearly 580,000 students.

Each year more than 11 million patrons attend Big Ten home contests, as the conference has led the nation in attendance for men's basketball, ice hockey, volleyball and wrestling.

LEADERS IN INNOVATION

Took part in the nation's first bowl game, winning the 1902 Rose Bowl Game, and signed an exclusive contract with the Tournament of Roses in 1946, making it the first bowl with permanent conference affiliations.

Awarded the first Big Ten Medal of Honor in 1915, honoring outstanding seniors who demonstrated excellence in academics and athletics.

Formed the Big Ten Advisory Commission in 1972, enlisting former students that competed in conference athletics to serve as liaisons to the NCAA's Diversity and Inclusion Department, the Big Ten Student-Athlete Advisory Commission and other organizations.

Became the first conference to voluntarily adopt male and female participation goals after launching its Gender Equity Action Plan in 1992.

Implemented the first collegiate football system of instant replay in 2004, which the NCAA approved for use among all conferences in 2006.

Launched the Big Ten Network (BTN) in 2007, the first national conference-owned television network.

Began partnering with the Ivy League to study the effects of head injuries in sports in 2012.

Accepted Johns Hopkins University as the conference's first sport affiliate members in men's and women's lacrosse in 2013 and 2015, respectively, and added Notre Dame as a sport affiliate member in men's ice hockey in 2017.

EXTENSIVE TELEVISION EXPOSURE

Through the Big Ten's current media agreements with BTN, ABC/ESPN, CBS and FOX, more than 2,000 Big Ten events are produced and distributed nationally and globally on an annual basis.

BTN is in almost 60 million homes across the United States and Canada, and is also available internationally via the Fox Sports App, delivering live and on-demand programming to computers, smartphones and tablets. BTN Plus streams hundreds of additional events each season.

COMMUNITY INVOLVEMENT

For more than 30 years, through the Big Ten's SCORE (Success Comes Out of Reading Everyday) program, the conference has partnered with Chicago elementary schools to improve reading performance.

Surrounding the Big Ten Football Championship Game and Basketball Tournaments, the conference has held numerous community initiatives, partnered with the College Football Playoff Foundation and other events such as the Big Ten Career Expo, SaturDAY of Service and Youth Football Clinics. In addition, the Big Ten has hosted a downtown 5K, collaborated with a local breast cancer awareness group and provided unique event experiences for military veterans.

TERRAPINS

The University of Maryland, College Park is the state's flagship university and one of the nation's preeminent public research universities. A global leader in research, entrepreneurship and innovation, the university is home to more than 41,000 students, 14,000 faculty and staff, and 388,000 alumni all dedicated to the pursuit of Fearless Ideas. Located just outside Washington, D.C., we discover and share new knowledge every day through our renowned research enterprise and programs in academics, the arts and athletics. And we are committed to social entrepreneurship as the nation's first "Do Good" campus.

WOLVERINES

There are many different ways the University of Michigan serves the state of Michigan and the community. We invite you to explore and take advantage of the wide variety of opportunities, resources and events that a world-class university like U-M provides. Go Blue!

HEALTH CARE

Michigan Medicine is the No. 1 ranked health system and No. 1 children’s hospital in the state. It is comprised of three hospitals and more than 125 health clinics and centers providing top-ranked care throughout the state. Last year, we served more than 2.4 million patients.

EDUCATION

Ranked No. 3 in the 2020 QS World University Rankings, Michigan consistently ranks as one of the best public universities in the nation. Our 19 schools and colleges offer 275 degree programs. We attract talented students from 82 Michigan counties, all 50 states and 139 countries. About 63 percent of our graduates are staying in Michigan and using their U-M education to contribute to their communities.

INNOVATION & ENTREPRENEURSHIP

U-M is deeply committed to the economic health of our state. Through a variety of programs and partnerships with industry, government and other universities, we are encouraging the transfer of great ideas and expertise to the marketplace.

SPARTANS

Every day, Michigan State University Spartans are making a better tomorrow while providing life-changing opportunities to the university's diverse community of dedicated students and scholars, athletes and artists, scientists and leaders. Working together and teaming with others on every continent, more than half a million Spartans are a force for good.

One of the top research universities in the world and a member of the Association of American Universities, MSU offers nationally ranked and recognized academic, undergraduate research, residential college and service-learning programs and is a leader in study abroad among public universities.

MSU's 5,300-acre campus is home to nearly 50,000 students from all 50 U.S. states and more than 130 other countries. The university employs more than 2,000 tenure system faculty members and offers more than 200 programs of study in 17 degree-granting colleges.

Top-ranked programs, high-caliber opportunities and an inclusive, collaborative community enable Spartan students to create powerful, personalized paths and to compete with the best in the world. *U.S. News & World Report* ranks 33 undergraduate and graduate programs at MSU in the top 25 nationally, including 10 No. 1-ranked programs.

An indication of MSU's excellence and impact is its selection by the U.S. Department of Energy to design and establish the Facility for Rare Isotope Beams — a \$730 million facility that will advance understanding of rare nuclear isotopes to fuel breakthrough applications as it provides research opportunities for scientists and students from around the globe.

That's just one example of how Michigan State Spartans will lead in advancements for tomorrow. For more stories on the impact MSU makes every day, please visit www.MSUToday.com.

ATHLETICS WEBSITE

GOLDEN GOPHERS

Located in the Twin Cities of Minneapolis and St. Paul, the University of Minnesota System's flagship campus provides a dynamic urban environment for teaching and learning, world-class research, and community-engaged public service. In its collective search for knowledge, the University of Minnesota empowers faculty, staff, and students and inspires the next generation of innovators and leaders.

Founded in 1851, the University of Minnesota is one of the state's most important economic and intellectual engines. Ranked among the nation's top public research universities, the University of Minnesota System, with its five campuses, is also among the most comprehensive.

Students at the University of Minnesota's Twin Cities campus choose from 150 bachelor's degrees, 180-plus master's degrees, and more than 100 doctoral degrees. We are one of only five universities in the nation with schools of engineering, human and veterinary medicine, law, nursing, and agriculture on one campus. And because the world's biggest problems don't have single solutions, the U of M's best minds collaborate through 50 joint graduate degree programs and 200 interdisciplinary institutes and centers.

The University of Minnesota System was recently ranked No. 22 in Reuter's "World's Most Innovative Universities 2019" list. Our students have earned prestigious awards such as Fulbright and Goldwater scholarships, excelling in virtually every field — from medicine and business to law and economics, and from science and engineering to architecture and design. The U of M is proud of its 20 Nobel Laureates, 86 Guggenheim Fellows, and two MacArthur "Geniuses."

At its heart, the University of Minnesota is a land-grant institution, committed to engaging the state's citizens to advance interdisciplinary knowledge; enhance students' academic, career, social, and personal development; and apply intellectual and human capital to serve the public good.

At the University of Minnesota, we are Driven to Discover. That is why Minnesota faculty, staff, and students are focused on advancing the search for truth; sharing new knowledge through education for a diverse community; and applying innovation to improve Minnesota, the nation, and the world.

CORNHUSKERS

The University of Nebraska-Lincoln, chartered in 1869, is an educational institution of international stature. Always a place of high ambition, the University of Nebraska was one of the first institutions west of the Mississippi River to award doctoral degrees — the first was granted in 1896. The University of Nebraska established the world's first undergraduate psychology laboratory. The discipline of ecology was born here, and the campuses reflect that tradition, being recognized as botanical gardens and arboreta. An early institutional interest in literature and the arts provided the foundations for today's *Prairie Schooner* literary magazine, for the University of Nebraska Press, and for the Sheldon Museum of Art, which houses one of the world's most significant collections of 20th century American art.

Today, Nebraska is one of the nation's leading teaching institutions, and a research leader with a wide array of grant-funded projects aimed at broadening knowledge in the sciences and humanities.

WILDCATS

A private institution founded in 1851, Northwestern University is recognized nationally and internationally for the quality of its educational programs at all levels. Innovative teaching and pioneering research take place in a highly collaborative, interdisciplinary environment that combines the resources of a major research university with the level of individual attention of a small college.

Approximately 20,000 full- and part-time students are enrolled on Northwestern's lakefront campuses in Evanston and Chicago and branch campus in Qatar. Almost 8,500 undergraduates study at the university's largest campus in Evanston.

The university's 2,500 full-time faculty members range from MacArthur Fellowship recipients to Tony Award winners. In their ranks are members of the National Academy of Sciences, the National Academy of Engineering, the American Academy of Arts and Sciences, the American Council of Learned Societies, and numerous other honorary professional societies.

Northwestern recruits students of demonstrated academic achievement from diverse social, ethnic and economic backgrounds. More than 90 percent of undergraduate applicants rank in the top 10 percent of their high school classes, and Northwestern's National Merit Scholar enrollment rate has recently ranked among the nation's highest. About one in 12 applicants are accepted.

All 50 states and more than 65 countries are represented among the undergraduate student body. Nearly one-half (48 percent) of the student body is from underrepresented and international backgrounds. Slightly more than 60 percent of students are receiving financial assistance in the form of need-based scholarships and loans. Almost 97 percent of first-year students return for sophomore year.

U.S. News and World Report ranked Northwestern 10th in its annual rankings of national universities.

Among graduate programs, the Kellogg School of Management regularly ranks among the top five business schools in the country for both its traditional curriculum and its executive master's program. U.S. News & World Report rankings placed Northwestern's School of Law, McCormick School of Engineering and Applied Science, and Feinberg School of Medicine in the top 20.

OHIO STATE

BIG LIFE.
BIG STAGE.
BIG TEN.

20
20

BUCKEYES

At The Ohio State University, we CHAMPION HUMAN POTENTIAL through unrivaled experiences that bring together expertise, ideas and resources wherever we are. Together, we empower people and their potential to advance innovations, solve complex problems and anticipate the unimaginable — propelling humanity forward at a scale few others can match.

Ohio State is a world-class flagship public research university with a nationally recognized academic medical center. Ohio State is at once urban and rural, focused on advancing its land-grant mission and leading the higher education landscape in the areas of teaching and learning, access to an excellent and affordable education, groundbreaking research and creative expression, outstanding academic health care, and operational excellence and resource stewardship.

The university offers 250 undergraduate majors, specialties and tracks, along with 290 master's, doctoral and professional degree programs. Across all campuses, Ohio State includes 68,000 students, 7,583 faculty and 41,447 staff, as well as more than 300 academic and interdisciplinary research centers and institutes. The largest of its six campuses is located in Columbus, Ohio, which is one of the fastest growing cities in the country and is the state capital.

Ohio State is recognized among the most far-reaching and collaborative universities. With a dynamic and engaged group of more than 570,000 living alumni and extensive partnerships locally and globally, Ohio State has an unparalleled capacity to bring together people and provide expertise and resources to address challenges across the state, nation and world. We build vibrant communities with the belief that all things are possible. We create lasting impact far greater than any one person could accomplish alone —elevating the human experience and inspiring others to do the same.

PENN STATE

NITTANY LIONS

Penn State’s historic mission of teaching, research, and public service — launched under the most modest of circumstances more than 150 years ago — now reaches into virtually all parts of Pennsylvania. Consider, for example, that the University now has 24 campuses across the Commonwealth, putting a Penn State education within practical reach of nearly every Pennsylvanian.

Penn State is Pennsylvania’s largest nongovernmental employer and has employees and expenditures in every one of its 67 counties. The University generates a total economic impact across the Commonwealth that surpasses \$11.6 billion annually.

Part of that impact is derived from Penn State’s research program, which brought more than \$593 million in federal funds to Pennsylvania last year, and an additional \$101 million from private industry.

The University’s presence throughout Pennsylvania today contrasts sharply with its humble beginnings. Founding President Evan Pugh joined similar visionaries in other states in convincing Congress to pass the Morrill Land-Grant Act in 1862. In 1863, the Pennsylvania legislature designated Penn State the Commonwealth’s sole land-grant institution.

By the 1890s Penn State was making its mark. It ranked among the nation’s 10 largest undergraduate engineering schools, a distinction it still holds. Penn State in 1871 became one of the first land-grant schools in the Northeast to admit women, graduated its first international student in 1890, and its first African-American student in 1905.

In 1912, Penn State helped create a system of county agents in agriculture and home economics. Today, the Penn State World Campus, with its “anywhere, anytime” learning through the Internet, builds on that outreach tradition.

Following World War II, Penn State underwent unprecedented expansion, first to meet the needs of returning military veterans and later to accommodate the Baby Boom generation. Total enrollment at all Penn State campuses climbed to 40,000 by 1970.

The University also emerged on the national scene as a research powerhouse in fields as diverse as dairy science, acoustics, psychology and diesel engineering. The expansion of research went hand in hand with a steady increase in the number of graduate students. The Graduate School was established in 1922 and has awarded to date approximately 130,000 master’s, doctoral and other advanced degrees.

The University Park campus is Penn State’s administrative and research hub. In addition, there are 19 primarily undergraduate campuses. To date, Penn State has awarded more than 890,000 degrees, hallmarks of an educational experience second to none in quality.

BOILERMAKERS

The story of Purdue University is a powerful one. Throughout our history, generations of Boilermakers have left their mark in small steps and giant leaps.

Since Purdue's founding in 1869 under the federal Morrill Land-Grant Act, Boilermakers have left their footprints across Indiana, across this country and around the world. They're even found on the moon, where Purdue alumnus Neil Armstrong first stepped a half-century ago.

More than 60,000 students are enrolled at our three campuses in Indiana — including more than 40,000 at our flagship campus in West Lafayette, comprising students from all 50 states and more than 125 countries. Another 30,000 online students are part of the state's newest public university, Purdue Global.

Since the launch of Purdue Moves, a set of bold initiatives designed to enhance student achievement and address some of the major questions facing higher education, we have frozen tuition and most fees at 2012-13 levels, while lowering room and board costs. It now costs less to attend Purdue than it did in 2012. And student borrowing has plunged 33%, saving students and families more \$500 million on their Purdue educational expenses.

With 1.3 million square feet of research laboratories and 133 university-approved research centers and institutes, we are fulfilling our mission to expand the frontiers of knowledge and its applications to help build a better world.

More than 300 startups have originated from research and intellectual property at Purdue the past five years, generating \$400 million in funding and investments and creating more than 400 quality jobs. A leader in technology transfer, we ranked third in the U.S. for startup creation for the 10-year period ending in 2019 and received the 13th-most utility patents of any university in the world in 2019.

In our first 150 years, Purdue has enabled countless small steps toward giant leaps across every field of endeavor — from aeronautics to agriculture, engineering to education, business to athletics.

And today, we continue in those footsteps. Because the world still faces tough challenges. The adventure still lies ahead. So, we keep learning. We keep going. We keep going with every tiny epiphany that comes from the thrill of discovery. We keep going with each unexpected realization that uncovers new knowledge and possibility. We keep going because it's what keeps us going.

Persistent in our pursuit of innovation. Again and again and again. We leave nothing untried, nothing untested and nothing undone. It's why we work harder here. Why we strive to be our best, so we can become the best.

Because we are the instigators of progress. It's what we live for. And it's what we're here for. Always, always taking the next step. Together. Because every giant leap starts with one small step.

ATHLETICS WEBSITE

SCARLET KNIGHTS

Rutgers, The State University of New Jersey, stands among America’s highest-ranked, most diverse public research universities. The oldest, largest, and top-ranked public university in the New York/New Jersey metropolitan area, you’ll find us at our main locations in three New Jersey cities, and our footprint can be seen around the region. We’re an academic, health, and research powerhouse and a university of opportunity.

UNIVERSITY MISSION

As one of the leading comprehensive public research universities in the nation, Rutgers, The State University of New Jersey, has the threefold mission of providing for the instructional needs of New Jersey’s residents through its undergraduate, graduate, and continuing education programs; conducting the innovative research that contributes to the medical, environmental, social, and cultural well-being of the state, as well as aiding the economy and the state’s businesses and industries; and performing public service in support of the needs of the residents of the state and its local, county, and state governments.

Each component of the university’s mission reinforces and supports the other two.

As the University of New Jersey®, Rutgers is dedicated to teaching that meets the highest standards of excellence, to conducting research that breaks new ground, and to providing services, solutions, and clinical care that help individuals and the local, national, and global communities where they live.

OUR MISSION: TEACHING, RESEARCH, AND SERVICE

As The State University of New Jersey, a leading national public research university and New Jersey’s top academic health care provider, Rutgers fulfills its mission to provide learning, discovery, innovation, service, and health care at the highest levels.

Collectively, our schools and colleges offer the greatest variety of majors and degree programs in New Jersey, and many rank No. 1 among the public schools and colleges in the state.

The achievements of our award-winning faculty drive Rutgers’ world-class reputation. They teach, discover, provide health care, innovate, mentor, and share their knowledge. Leaders in their fields, their everyday endeavors yield brilliant outcomes.

The University of Wisconsin-Madison has a long and distinguished track record. Created at the same time that Wisconsin achieved statehood in 1848, it is Wisconsin's comprehensive teaching and research university with a statewide, national and international mission. It offers programs at the undergraduate, graduate and professional levels in a wide range of fields, while engaging in extensive scholarly research, continuing adult education and public service.

From its humble beginnings, the university has grown into a large, diverse community, with more than 43,000 students enrolled each year. These students represent nearly all 50 states as well as more than 120 countries from around the globe, making for a truly international population.

Thanks to one of the most active alumni organizations in the world, alumni chapters are thriving in more than 100 cities around the world, supporting both the university's academic mission and its athletic teams. Living alumni number more than 400,000.

UW-Madison offers unparalleled academic breadth, comprising 13 schools and colleges that include 121 academic departments, 251 centers and institutes, and 404 academic degree/major programs. Among its many notable achievements, UW-Madison is a top producer of both Fortune 500 CEOs and Peace Corps volunteers. UW alumni and faculty have received 19 Nobel Prizes and 34 Pulitzer Prizes.

The Wisconsin Idea — a deeply held principle— guides the entire campus community. That idea, expressed in the university's vision statement, pledges that UW-Madison "will be a model public university in the 21st century, serving as a resource to the public and working to enhance the quality of life in the state, the nation and the world."

Wisconsin students experience learning inside and outside the classroom, finding boundless opportunities to participate in research, service-learning projects and study abroad. Learning communities in the residence halls bring the campus down the size and allow students to live and learn in areas of interest from entrepreneurship to the creative arts to sustainability. More than 800 organizations in the arts, politics, social issues, recreation, and more offer students the chance to connect with others who share their passion — or experience something entirely new.

The university's main campus is one of the most beautiful in the country, located on the shores of Lake Mendota, next to downtown Madison. It offers state-of-the-art resources to support teaching, research and campus life.

As Bleacher Report said of Madison, "You'd be hard-pressed to find a better college town anywhere in the country."

PAUL CHRYST
Head Coach

ATHLETICS WEBSITE

Justin Fields and J.K. Dobbins spent the first half scratching their heads. Then, Ohio State's dynamic duo — and teammates — reverted to their previously impressive form.

Fields threw three touchdown passes in the second half, Dobbins ran for 172 yards and a score and Ohio State sealed its first College Football Playoff trip in three years by shutting out Wisconsin in the second half in a 34-21 victory in the 2019 Big Ten Football Championship Game at Lucas Oil Stadium in Indianapolis.

Fields completed 19 of 31 passes for 299 yards and three scores with no interceptions and was selected as the Grange-Griffin Most Valuable Player following the game.

With the victory, the Buckeyes claimed their third consecutive conference title and fourth Big Ten Football Championship Game victory in the game's nine-year history.

The Badgers, who lost 38-7 at Ohio State six weeks earlier, scored the first 14

points — Ohio State's largest deficit of the season. Wisconsin led 21-7 at the half.

But just like the first game, the Buckeyes turned it on in the third quarter.

Jeremy Ruckert started the comeback with a spectacular one-handed catch in the back of the end zone on the fifth play of the third quarter. The 16-yard pass cut the deficit to 21-14.

Four plays later, Wisconsin punter Anthony Lotti dropped the ball and was tackled at the Badgers 16. Ohio State converted that miscue into a 27-yard field goal.

And after Wisconsin missed a 48-yard field goal wide left on its next series, Fields hooked up with K.J. Hill for a 16-yard pass and 24-21 lead with 2:23 left in the third quarter.

Fields added a 13-yard TD pass to Hill early in the fourth quarter to give the Buckeyes a 31-21 lead and the Buckeyes closed the scoring with a 24-yard field goal. Wisconsin's Jack Coan ran for two touchdowns in the first half and Jonathan Taylor rushed for 148 yards and one touchdown.

Ohio State quarterback **JUSTIN FIELDS** was named the Grange-Griffin Most Valuable Player after helping the Buckeyes to their fourth Big Ten Football Championship Game win. Fields completed 19 of 31 passes for 299 yards and three scores with no interceptions, becoming the first player in Big Ten history with 40 passing TDs and 10 rushing TDs in a single season.

2019 BIG TEN CHAMPIONSHIP GAME

DECEMBER 7, 2019

LUCAS OIL STADIUM • INDIANAPOLIS, IND.
GRANGE-GRIFFIN MVP: JUSTIN FIELDS, QB, OSU
